

Raising the bar on Process Safety Management National Strategy Launch

Church House Conference Centre, Westminster

15 March 2012 (1000 – 1630 hrs)

This one-day conference will see the launch of the *National Strategy for Process Safety Management*, with a chance for you to explore the issues most relevant to your business. Additionally, you will be provided with a unique opportunity to influence the next phase of training standard development.

Judith Hackitt CBE, HSE Chair, will make the keynote speech together with other high profile speakers from industry and government.

Workshops will provide you with an opportunity to drill into the detail of the strategy, highlight your own process safety management (PSM) priorities, and learn how you can become more involved in setting the future direction of the PSM training standards.

The conference will be supported by members of the PSM Project Board and the Expert Panel who have provided invaluable support towards the development of these training standards.

Judith Hackitt CBE, HSE Chair
